

CANDOR

MERLOT • CENTRAL COAST

Candor – [kan-der] noun:

1. sincere expression [for example, of a grape variety]
2. openness, honesty [including how and why we make this wine]

Unconventional times demand unconventional wines, and delivering value in the bottle may mean breaking some unwritten rules. Candor makes affordable wines that exhibit classic varietal flavor, can be consumed young, and can still gain complexity with age. It's the same approach that goes into our Liberty School wines, with a couple twists. Here's how:

Merlot should display rich plum-like flavors and have excellent structure that lends to a long, complex finish. By blending wines from multiple vintages, Candor LOT 2 gains more complexity, shows plenty of youthful vibrancy, and has the backbone to mature gracefully. By working with experienced family farmers in California's Central Coast — proven Merlot territory — we can highlight all the best qualities of the varietal with impeccable balance. The result: one straight-ahead, full-service Merlot.
